

PE UPDATE

20th September 2024

Ducklings & Hedgehogs PE 18/9/24

This week during our Wednesday PE lessons Ducklings and the Hedgehog classes were learning about Ball skills. This week we looked at being able to roll a ball with control and stopping a rolling ball. The children explored using a range of body parts to attempt stopping a rolling ball. Both classes used a Busy Bee's theme throughout the lesson. After all their hard work the children finished the lesson with a ball party which no doubt was the highlight of the morning! Brilliant work Ducklings and Hedgehog class!! Pictures from the lesson below.

Sports Captain 2024

We will this year be awarding eight children with the role of Sports Captain. We will be asking children to interview for the role so if your child is interested they may like to start to think about what qualities a Sports Captain would need. The interviews will take place next Friday (27th September 2024) Myself and another member of staff will interview each child that would like to apply for the role. Monday 29th September we will announce the successful applicants in assembly. I look forward to interviewing the children in a fun relaxed manner and can't wait to hear how they will help me improve our PE and school sport even further. Have a fun, active and safe weekend all.

Mr Phelan
